

# KIMMERLE NEWMAN Architects

Affiliate of  
KIMMERLE GROUP

## Paul Newman, AIA, CID

Partner/Vice President

### Experience and Qualifications

Mr. Newman has worked on projects throughout the country in 24 different states. He has extensive experience in corporate interiors, commercial buildings, interior design, and medical work. He is an expert in creating new office environments with the latest technological and sociological dynamics. He has been responsible for major renovations including elaborate phasing and staging requirements, multiple prime contractors, and tight budgeting and scheduling requirements, and has successfully designed and completed millions of square feet of space throughout his career. Mr. Newman is both a registered architect and a certified interior designer. He has extensive experience working as both a landlord/owner architect and tenant side architect and brings both sides of those skills to his work.
