

KIMMERLE NEWMAN Architects

Affiliate of
KIMMERLE GROUP

William J. Kimmerle, AIA, NCARB
Principal/Senior Associate

Experience and Qualifications

William Kimmerle has been with the firm for over ten years in capacities from designer to senior project manager. His work for the firm spans all sectors and scales, from university and institutional master plans to architectural assignments for institutions, corporations and non-profits. He contributes a leading voice to the firm's medical, corporate, procurement, institutional, and nonprofit practices. William leads KG's Urban Studio, and since 2011 has directed the expansion of the firm's procurement arm, Workspace, with over 750,000sf of FFE requirements fulfilled in that period. William is a graduate of Washington University in St. Louis and the Rhode Island School of Design, where he earned his Masters of Architecture as a graduate fellow with studios in India and Turkey focused on human development projects, and assistantships in non-profit organization operations. Previously, he maintained painting and photography studios in New York and Chicago. William brings an advanced visual and social literacy that complements over a decade of involvement with the firm.
